THIS LEASE is made between the Public Building Commission of Chicago, Cook County, Illinois (the "Commission"), as lessor, and the Board of Education of the City of Chicago (the "Board"), as lessee all as of April 1, 1993:

BACKGROUND

The Public Building Commission of Chicago is a municipal corporation organized under the Public Building Commission Act, as amended, for the purposes, among others, of making possible the construction, acquisition, rehabilitation or enlargement of public improvements, buildings and facilities at convenient locations within the City of Chicago, Illinois, for use by governmental agencies in the furnishing of essential governmental, health, safety and welfare services to its citizens.

The Commission has issued its Building Revenue Bonds, Series A of 1989, for the purpose of acquiring, constructing, improving, altering, repairing, renovating, rehabilitating and equipping public schools for use by the Board. In connection with the issuance of those Series A of 1989 Bonds by the Commission, the Commission has acquired title to existing school buildings and related land, and has entered into a lease with the Board for its use of that property. The property which is the subject of that lease is set forth in Part A of Schedule 1 to this Lease.

It is necessary and in the best interests of the Commission and the Board for the Commission now to issue Building Revenue Bonds to refund the outstanding Series A of 1989 Bonds. It is necessary also that the existing lease between the Commission and the Board in connection with the Series A of 1989 Bonds be cancelled and that the Board and the Commission enter into a new Lease covering the property set forth in Part A of Schedule 1.

The Commission has, in addition, acquired title to certain other sites for construction of school buildings and title to certain other existing school buildings and related land leased by the Commission to the Board. These include schools listed in Part B to Schedule 1 which were acquired by the Commission in 1992 from the Board. These also include schools listed in Part C to Schedule 1, the work for which was undertaken or to be undertaken from proceeds of the Commission's Series A of 1990 Bonds. It is now necessary and in the best interests of the Board and the Commission for the Commission to undertake construction, improvement, alteration, repair, renovation, rehabilitation and equipping of the schools listed in Part B. It is also necessary and in the best interests of the Board and the Commission for the Commission, to the extent funds are available, to expand the scope of work otherwise possible at certain schools listed in Part C, as determined by the Commission. It is also necessary and in the best interests of the Board and the Commission for the Commission to acquire sites for and to construct and equip on those sites additional school buildings for use by the Board. These sites are listed in Part D of Schedule 1. Additional sites may also be

31090001

subsequently added to Part D. All of the sites and improvements listed in Part D have been or will be approved by the City Council of the City of Chicago (as have the sites to all the schools listed in Parts A, B and C). The acquisition, construction, improvement, alteration, repair, renovation, rehabilitation and equipping of schools and sites now to be undertaken by the Commission from proceeds of the Bonds described below, as provided in this paragraph, is referred to as the "Program".

It is necessary and in the best interests of the Board and the Commission for the Commission to issue its bonds to pay costs of the Program, including, without limitation, consulting, architectural, engineering, legal and financing costs.

It is necessary and in the best interest of the Board for the Commission to issue its \$353,095,000 of Building Revenue Bonds, Series A of 1993 (the "Bonds"), to pay costs of the Program and of refunding the Series A of 1989 Bonds, as well as costs of issuance and interest on the Bonds.

It is necessary and in the best interests of the Board and the Commission for the Board to lease from the Commission the property described in Parts A, B and D of Schedule 1 and those schools listed in Part C at which the Commission undertakes additional work as identified by the Commission with the rent being sufficient for the Commission to pay the principal of and interest on the Bonds and to fund various Accounts as provided in the Resolution of the Commission authorizing the Bonds (the "Bond Resolution").

In consideration of the rent due under this Lease and the promises and covenants made by the Board and the Commission and for other good and valuable consideration, it is covenanted and agreed by the Board and the Commission, as follows:

SECTION 1. Program. To accomplish the Program, the following actions shall be taken by the Commission:

(A) Pursuant to the Public Building Commission Act and the Bond Resolution, the Commission shall provide for the execution and delivery of the Bonds. A copy of the Bond Resolution is attached to this Lease and is made a part of it, except that the attached Bond Resolution does not have attached a copy of the Lease).

(B) The Commission shall, in consultation with the Board, cause detailed plans for the Program to be prepared. Upon the Board's request, the Commission shall submit the plans, and any significant modifications of them, to the Board for its review.

(C) The Commission shall apply proceeds derived from the sale of the Bonds pursuant to the terms of the Public Building

9 1 1 7 0 1 5 7

Commission Act and the Bond Resolution and shall use its best efforts to complete the Program to the extent that proceeds of the Bonds are sufficient for that purpose.

(D) The Commission shall, with reasonable promptness, acquire the fee title to the sites listed in Part C of Schedule 1, including as it may be modified (but no such site shall be acquired until it has been approved by the City Council of the City of Chicago).

(E) The Commission shall, as soon as practicable enter into and execute contracts with contractors and others as the Commission determines to be necessary or appropriate to carry out the Program.

(F) The Commission shall require and procure from the contractors undertaking any part of the Program, performance and payment bonds in connection with those contracts and with such surety company or companies and in such amounts and form as may be determined by the Commission.

(G) The Commission shall require and procure from the contractors, waivers of all liens or rights of lien for labor and materials furnished in the Program and shall further procure from the contractors or other persons, firms or corporations all material and equipment guarantees as may be required by the specifications for the Program.

(H) The Commission shall require each such contractor to furnish insurance protecting the Commission, the Board, and their respective commissioners, board members, officers, agents and employees, as their interests may appear, against any claims for personal and bodily injuries (including death) and property damage that may be asserted because of the Program, the insurance to be of such character and in such amounts as may be determined by the Commission.

(I) The Commission shall, to the extent reasonably obtainable, require its Architects-Engineers to carry Errors and Omissions Insurance for such period and in such principal sum as the Commission may determine necessary.

(J) The Commission shall pay or reimburse the Board for certain of its administrative costs in implementing the Program, provided, however, that no such costs shall be paid or reimbursed without the prior written consent of the Commission.

SECTION 2. Lease of Property. In consideration of the rent to be paid and the covenants, agreements and other terms and conditions of this Lease, the Commission leases to the Board the property listed in Parts A, B and D of Schedule 1 and those schools listed in Part C identified by the Commission in writing to the

9 1 2 0 5 7

Board (including as it may subsequently be amended (the "Leased Property") for a term beginning on the date of execution of this Lease and, subject to earlier termination in accordance with the provisions of Section 4 of this Lease, ending on the later of (i) December 1, 2018, or (ii) the date upon which the Bonds are no longer outstanding, as provided in the Bond Resolution. The Leased Property shall also include:

(a) all machinery, apparatus, equipment, fittings and fixtures of every kind and nature whatsoever that may now or subsequently be placed in any building, structure, or improvement now or subsequently constructed or placed upon the site of the Leased Property or any part of it including, without limitation, all engines, furnaces, boilers, stokers, pumps, heaters, tanks, motors, dynamos, generators, electrical equipment, heating, plumbing, lifting and ventilating apparatus, air cooling and air conditioning equipment and apparatus, gas and electrical fixtures, elevators, shades, awnings, venetian blinds, screens and radiators, and all other building equipment used or procured for use in connection with the operation or maintenance of any such buildings, structures, or improvements; and

(b) all right, title and interest of the Commission, now owned or subsequently acquired, in and to all real estate, interest in lands, leaseholds, rights of ways, alleys, passages, tenements, hereditaments, privileges, easements, franchises and appurtenances belonging or in any way appertaining to the sites of the Leased Property.

During the duration of this Lease, the Board shall be entitled, subject to Section 10 of this Lease, to sole possession and occupancy of the Leased Property for use for purposes of providing public schools in the City of Chicago. The Board may at any time make any repairs, improvements, extension or rehabilitation to any of the Leased Property at its own expense, for which the Commission shall have no liability. This Lease is in addition to any other lease between the Board and the Commission, including any lease covering any part of the Leased Property.

SECTION 3. Rent. In consideration of the leasing of the Leased Property, the Board agrees to pay, or cause to be paid to the Bond Trustee designated under the Bond Resolution, annual rent as set forth in this Section. The total rent due in any November shall be reduced by the amount, if any, that the actual amount of principal (at maturity or pursuant to mandatory redemption) of and interest on the Bonds (including, for this purpose, at the option of the Commission, any of its bonds issued to refund the Bonds) on the following December 1 and June 1 is less than the Debt Service Portion. The obligation of the Board to pay the rent is a general obligation of the Board. The Commission has assigned its right to receive the rent to the Trustee under the Bond Resolution (the "Bond Trustee").

Except in any case in which bonds or other evidences of indebtedness are issued by the Commission for the purpose of refunding any Bonds, not less than 60 days preceding December 1 of the fiscal year in which all of the principal, interest and premium, if any, on all of the Bonds issued or to be issued pursuant to the Bond Resolution, and all of the Commission's

9 7 9 0 1 5 7

administrative expenses and all other accrued and unpaid expenses relating to the Program, will be paid in full, or provision for their payment will be made, and this Lease will terminate, the Commission will cause an audit to be made of its books and accounts relating to the Leased Property by an Independent Public Accountant, which audit report shall estimate the balance of any and all money which will be on hand, as of the next November 30, in the Construction Account, the Renewal, Replacement and Improvement Account and the Surplus Account for the Leased Property as provided in the Bond Resolution and the Commission shall cause that balance as it actually exists on that November 30th, to be transferred by the Bond Trustee to the Debt Service Account as provided in the Bond Resolution, and the final rental payment due by the Board shall be only in an amount which, together with the funds in that Account, will pay in full all of the principal, interest and premium on all of the Bonds, and all of the Commission's administrative expenses and all other accrued and unpaid expenses relating to the Program, and if subsequently any balance remains in the Debt Service Account it shall be paid to the Board. In addition, in each year after the amounts are deposited in the various Accounts as required by the Bond Resolution, the Commission shall notify the Board of all amounts in the Surplus Account available for transfer to the Renewal, Replacement and Improvement Account, as provided in Section 8.3(c)(6) of the Resolution and shall, to the extent the Board shall request, cause such funds to be applied to the next rent due under this Lease or as otherwise provided in the Bond Resolution.

SECTION 4. Quit Claim Deeds.

(a) The Commission will cause to be deposited with Independence Bank of Chicago, Chicago, Illinois, as Escrowee, a quit-claim deed from the Public Building Commission of Chicago to the City of Chicago, In Trust for the Use of Schools, on behalf of the Board covering the Leased Property. The deposit will be at the time of the execution and delivery of this Lease to the Commission or, for sites acquired by the Commission after the execution and delivery of this Lease at the time the Commission so acquires the site and for sites in Part C subsequently identified by the Commission, at the time the Commission so identifies the site. The Escrowee shall deliver the quit claim deeds to the City of Chicago, in trust for the use of schools, on behalf of the Board, when it receives a Certificate of the Commission as provided in this paragraph. Upon the Bond Trustee having executed proper instruments acknowledging that the obligations of the Commission under the Bond Resolution have been discharged and satisfied in accordance with the provisions of the Bond Resolution and all administrative expenses of the Commission and all other accrued and unpaid expenses with respect to the Bonds have been paid in full or provision for their payment has been made, the Secretary and Treasurer of the Commission shall certify that fact to the Escrowee and shall also state whether any of the Leased Property is also the

9 1 1 0 1 7

subject of any other lease from the Commission to the Board. The quit-claim deeds shall not, however, be delivered as to any such property which remains the subject of any other lease from the Commission to the Board, and the quit-claim deed as to that property shall then be returned to the Commission by the Escrowee. That certificate shall be given by the proper officers of the Commission upon satisfaction of the terms of the Bond Resolution.

(b) Notwithstanding any other lease between the Board and the Commission, any quit-claim deed as to any of the Leased Property which under the terms of the Lease is to be delivered prior to the delivery of a quit-claim deed under this Lease shall not be so delivered but shall be returned to the Commission.

(c) Should the Board at any time determine that any of the Leased Property is no longer useful or necessary for school purposes and that particular Leased Property should be sold or otherwise disposed of, and if the Commission determines that the sale or disposition of the property would be beneficial to the parties (which determination shall not be unreasonably withheld) the Commission shall convey such property to the Board at its request or dispose of such property itself and pay the net proceeds as directed by the Board. Notwithstanding any such conveyance, the Board shall remain liable for payment of the full amount of the rent set forth in this Lease.

SECTION 5. Tax Levies.

(a) Levy for Lease Rentals. Prior to or upon the execution of this Lease, the Board shall levy a direct annual tax upon all taxable property within the boundaries of the Board of Education of the City of Chicago sufficient to pay the rent payable under this Lease, as and when the same becomes due and payable. After this Lease has been duly executed, the Board shall file in the offices of the County Clerks of Cook and DuPage Counties, Illinois, a certified copy of this Lease as so executed and a certified copy of the resolution levying the tax. Those certified copies shall constitute the authority for the County Clerks to extend the taxes annually necessary to pay the rent payable under this Lease as and when the same becomes due and payable, without limitation as to rate or amount, and in addition to and in excess of all other taxes to be levied by or on behalf of the Board. The funds realized by the Board from such tax levies shall not be disbursed for any purpose other than providing for the payment of the rent set forth in this Lease or to reimburse itself for amounts advanced from its general funds for that purpose. The Board shall not abate, or otherwise take action which would impair the collection of the tax, to an amount which is less than that amount which shall be sufficient to pay all rent due under this Lease (except to the extent the rent is paid from amounts in the Surplus Account as provided in Section 4 of this Lease).

9103000

(b) Lease Payment Trustee. The Board has, by its resolution established a Public Building Commission Lease Payments Fund to be held by Continental Bank, N.A., or its successor, as Lease Payment Trustee. It has established an Account in that Fund relating to the Bonds. The County Collectors of Cook and DuPage Counties are directed to pay all collections of the taxes levied as described in this Section directly to the Lease Payment Trustee, for deposit in that Fund and Account. The Board agrees that the trust and this direction to the County Collectors shall be irrevocable while the Bonds are outstanding. Money held in that trust for the purpose of paying the rent due under this Lease shall be paid by the Lease Payment Trustee, or if the Lease Payment Trustee has insufficient funds for that purpose, shall be paid directly by the Board to the Bond Trustee on or before the due dates of such rent.

SECTION 6. Operation, Repair and Maintenance.

(a) The Board shall operate, repair and maintain the Leased Property and undertake the cost of such operation, repairs and maintenance. The Board shall provide operation and maintenance services, including, but not to the exclusion of other items not specified, water, heat, light, electricity, air conditioning, repairs, replacements, janitor, cleaning, security and caretaking services, all at the Board's expense and without right of reimbursement from the Commission for those costs. The Board expressly waives the right to make repairs at the expense of the Commission, which right may be provided for in any statute or law in effect at the time of the execution of this Lease or any statute or law which may subsequently be enacted.

(b) The Board will observe and perform all of the applicable terms and conditions contained in the Public Building Commission Act, the Bond Resolution, this Lease and any rules or regulations which may be adopted by the Commission for the operation, repair and maintenance of the Leased Property. The Commission may appoint an Architect-Engineer or building management firm or technical staff for the purpose of conducting periodic inspections of the Leased Property and providing recommendations to the Commission and the Board concerning the adequacy of the care and maintenance of the Leased Property. If the Commission determines that the Board's operation, repair and maintenance of the Leased Property does not meet reasonable standards, the Commission shall notify the Board to correct any deficiencies in order to achieve adequate operation, repair and maintenance of the Leased Property. If the Board fails, within sixty (60) days after such notification to correct any specified deficiencies, the Commission may undertake correction of such deficiencies or enter into contracts for such purposes; the costs or expenses incurred by the Commission for periodic inspections and any correction of the deficiencies shall be reimbursed from the operation and maintenance levy or the Board pursuant to Section 7 of this Lease, provided,

however, that costs and expenses incurred by the Commission pursuant to this sentence shall not increase the levy required by Section 7.

SECTION 7. Operation and Maintenance Levy. The costs of operation, repair and maintenance of the Leased Property, as provided in Section 6 of this Lease, shall be included each year, including for the remainder of school year 1992-1993 in the budget of the Board prepared annually during the term of this Lease. The Board shall in each year levy direct annual taxes sufficient to pay such costs of operation, repair and maintenance of the Leased Property and the taxes shall be levied and collected annually in like manner with the other taxes of the Board. The Board shall each year file with the Commission a copy of the Board's tax levy for operation and maintenance of the Leased Property, its budget for operating, repairing and maintaining the Leased Property and a summary of the costs actually incurred for those purposes.

SECTION 8. Completion of Portion of Program. If the Commission by resolution determines that sufficient funds are not available to complete the Program, or any part of it, then the Commission shall cause the Program to be completed with such modifications and eliminations as may be required by such lack of funds and in such manner as may be specified by the Architect Engineer or Architect-Engineers then acting under the provisions of the Bond Resolution, after consultation with the Board. However, the terms and conditions of this Lease, including without limitation, the rent as set forth in Section 3, shall remain in full force and effect and continue to remain in full force and effect notwithstanding the fact that any or all of the Leased Property may be untenable or unsuitable for the Board's purposes for any reason whatsoever.

1005000

SECTION 9. Non-Cancellation. The Commission will use its best efforts to carry out the Program at the earliest possible date in accordance with the construction contracts for that work, provided that the Commission shall not be required to expend any money which is not available from the proceeds derived from the sale of the Bonds or provided to it by the Board and provided, further, that the failure to complete the Program shall not give the Board any right to cancel or terminate this Lease or to abate, reduce or make reduction from or offset against any rent payable under this Lease or to fail to perform or observe any of the other covenants or conditions.

SECTION 10. Access for Work. The Board agrees that if it is in occupancy of the Leased Property during the period of any work by the Commission, to give full access to and to cooperate with the Commission and each contractor engaged in constructing, improving, altering, repairing, equipping, and rehabilitating the Leased Property and to permit the Commission and its agents at all reasonable times to enter and inspect the Leased Property.

4 1 2 3 4 5 6 7

5-15364

The Board shall indemnify, keep and save harmless the Commission, as provided in the attached indemnity agreement.

(a) Such worker's compensation or employers' liability insurance, covering the Commission's employees, as may be deemed necessary or advisable under law.

Except as is provided in this Section, the Commission shall not be required by this Lease to carry any insurance relating to the Program or the Leased Property, including, without limitation, public liability insurance or property damage insurance.

-11-

records and accounts, in which shall be made full and correct entries of all transactions relating to the Leased Property and the various Funds and Accounts, as provided in the Bond Resolution. Not later than 120 days after the close of each fiscal year, the Commission will cause an annual audit of its books, records and accounts for the preceding fiscal year to be made by an independent public accountant and will mail a copy of such audit report to the Trustee and the Board. Such books, records and accounts shall be open for inspection to the Bond Trustee and the Board at all reasonable times.

No portion of the funds paid by the Board to the Commission shall be used for any purpose inconsistent with the conditions of the Bond Resolution and this Lease.

SECTION 16. Unconditional Obligations of the Board.
This Lease shall be deemed and construed to be a net lease, noncancellable by the Board during the term of the Lease, and the Board shall pay, subject only to the provisions of Section 8.3 of the Bond Resolution and Section 3 of this Lease, to the Commission absolutely net throughout the term of this Lease the rent and all other payments required under this Lease, free of any deductions, without abatement, deduction or setoff for any reason or cause whatsoever including, without limitation:

(i) the failure, for any cause, to complete the Program or the failure from whatsoever cause of the Leased Property to comply in any respect or respects with their respective plans and specifications or to meet any building or zoning code or other provision of law;

(ii) the failure to complete the Program, at or before the beginning of the term of this Lease;

(iii) any damage to or destruction of the Leased Property or any part of it, or any delay, interruption or prevention from any cause whatsoever of the use or occupancy of the Leased Property or any part of it, and whether or not resulting from any act of God or the public enemy, or from any restriction or requirement of law, ordinance, rule, or regulation of any public body or authority, State or Federal, having jurisdiction in the premises (whether such restrictions or requirements relate to the use or occupancy of any or all of the Leased Property or the quality, character or condition of any or all of the Leased Property;

(iv) any failure of or any defect in the Commission's title to the Leased Property whether or not such failure or defect interferes with, prevents or renders burdensome the use or occupancy of the Leased Property or any part of it;

(v) any failure in whole or in part of the Commission to obtain and maintain any insurance; and

91000015

9 190 57

(vi) any failure in whole or in part of the Commission to perform all or any of its other obligations, expressed or implied, to or for the benefit of the Board, whether such obligations are provided for in this Lease, result from operation of law, or are provided for in or result from some other contract or agreement at any time or from time to time entered into between the Commission and the Board.

SECTION 17. Assignment. The leasehold rights, duties and obligations of the Board under this Lease shall not be assigned or sublet in whole or in part by the Board during the term of this Lease or while any of the Bonds are outstanding and unpaid under the Bond Resolution, except that the Board may sublease all or part of the space leased by it if the Commission agrees to such sublease and if such sublease is permitted by law. Notwithstanding any such sublease, the Board shall remain liable for all amounts payable by it under this Lease.

SECTION 18. Additional Leased Property. This Lease may be supplemented to include Additional Leased Property as provided in Section 10.5 of the Bond Resolution.

SECTION 19. Tax Covenant. The Board covenants to the Commission not to make any use of the Leased Property or any investments of money held by the Lease Payment Trustee which would cause interest on the Board to be included in "gross income" for federal income tax purposes under present law.

WHEREAS, The Commission and the Board have entered into a Lease Agreement (the "Lease"), with respect to the Project, under the terms of which the Commission has leased and demised the Project to the Board and the Board has agreed to pay to the Commission annual rentals in amounts sufficient to amortize all principal, interest and premium, if any, on the Bonds; and

NOW, THEREFORE, IN CONSIDERATION OF THE MUTUAL COVENANTS AND CONDITIONS HEREINAFTER PROVIDED, THE PARTIES HERETO MUTUALLY AGREE AS FOLLOWS:

1.

Indemnification

1.1 The Board shall indemnify, save and hold harmless the Commission, its board members, officers, licensees, agents, employees, successors and assigns, individually and collectively, from and against any and all bodily or personal injuries, deaths, losses, suits, costs, attorneys' fees, claims, damages, expenses, judgments, liabilities or liens arising directly or indirectly during the term of the Lease from the ownership or use of the Project or from any acts or omissions of the Commission, its board members, officers, licensees, agents, employees, successors and assigns, unless such injuries or losses result from the negligence of the Commission, its board members, officers, licensees, agents, employees, successors and assigns, in the construction, alteration, repair or maintenance of the Project.

1.2 The Board shall indemnify, save and hold harmless, the Commission, its board members, officers, licensees, agents, employees, successors and assigns, individually and collectively, from any and all damage or destruction of the property of any person or persons in any way arising or resulting directly or indirectly from any use, occupancy or other condition of the Project, unless such damage or destruction results from the negligence of the Commission, its board members, officers, licensees, agents, employees, successors and assigns in the construction, alteration, repair or maintenance of the Project.

1.3 The Commission shall promptly notify the Board upon receipt of any and all claims asserted with respect to the Project. Upon notice by the Commission, the Board shall have the obligation to appear, defend and pay all charges and costs or expenses arising or incurred in connection with such indemnification. Any judgments which shall be rendered against the Commission in any such action shall be satisfied and discharged by the Board.

SECTION 2.

Public Liability Risks

2.1 By this Agreement, the Board and the Commission provide for joint insurance or self-insurance for public liability risks that may occur in connection with the Project.

2.2 The Board will use its best efforts to provide for the Commission, its board members, officers, licensees, agents and employees, successors and assigns, individually and collectively, to be named as named insured and additional insured on any and all public liability insurance policies maintained by the Board with respect to the Project, including liability arising from the negligent acts or omissions of the Commission, its board members, officers, licensees, agents and employees. To the extent that such insurance may not be available at rates which are commercially reasonable in the opinion of the Board, the Board may self-insure public liability risks of the Commission including those arising from the negligent acts or omissions of the Commission, its board members, officers, licensees, agents and employees, for losses up to and including the Board's current self-insured retention (\$3 million for general liability/medical malpractice) and greater than the Board's current insurance limits of \$50 million, provided, however that such self-insured retention or insurance limits may not be increased by the Board without the express written consent of the Commission; and in such event the Board shall pay

to the Commission in lieu of indemnification as provided herein an amount equal to all losses, damages and liabilities incurred by the Commission to third parties.

2.3 The Commission will at all times during the term of the Lease carry or cause to be carried Worker's Compensation or employers' liability insurance covering its employees with respect to the Project. All officers and employees of the Commission authorized to receive or retain funds or to sign vouchers, checks, warrants or evidences of indebtedness on behalf of the Commission shall be bonded in an amount and form to be determined by the Commission. Any contract awarded by the Commission for the construction, repair, alteration, demolition or improvement of the Project shall require the contractor or other person, firm or corporation undertaking such work to furnish insurance of a character and amount determined by the Commission, protecting the Commission, its board members, officers, agents, employees, successors and assigns against any claims for personal injuries (including death) that may be asserted because of the doing of the work.

2.4 The Commission will not be required to carry any public or other liability insurance relating to the Project, provided, however, that should the Board at any time no longer have the right to levy taxes as provided in Section 4 hereof, it shall notify the Commission and, in that event and to the extent that the Commission shall not have been named as named insured and additional insured in an insurance policy of the Board covering public liability risks, the Commission, upon notice to the Board, may insure itself against such public liability risks and pay insurance premiums required thereby with funds derived from the Administrative Expense Account, the Renewal, Replacement and Improvement Account, or from the Surplus Account established pursuant to the Bond Resolutions providing for the issuance of the Bonds.

100000

2.5 In the event for any reason the Board does not make any payment to the Commission as provided in this Intergovernmental Agreement, the Commission may utilize to reimburse itself for any losses or liabilities incurred thereby, or to pay to any third party any liabilities including judgments or settlements thereby, or to pay premiums to insure itself against future public liability risks, any and all funds credited to the Administrative Expense Account, the Renewal, Replacement and Improvement Account or the Surplus Account established pursuant to the Bond Resolutions relating to the Project.

SECTION 3.

Property Damage

3.1 The Board shall procure property damage insurance including without limiting the generality of the foregoing, fire and extended coverage, vandalism, malicious mischief, construction materials and equipment, and bear all risks of loss from any physical damage to any real or personal property or fixtures situated on the Project. The Board unconditionally releases the Commission from any responsibility for any and all such losses.

3.2 Any physical loss or damage to any property in the Project shall not release, impair or diminish the obligation of the Board to pay annual rental as required by the Lease, and the Commission shall not be obligated to replace or repair any damage thereto resulting from fire or other casualty.

3.3 The Commission will maintain an appropriate policy or policies of insurance against builders' risk during the constructing, improving, equipping and rehabilitation of the Project. Any contract awarded by the Commission for the construction, repair, alteration, demolition or improvement of the Project shall require the contractor or other person, firm or

corporation undertaking such work to furnish insurance of a character and amount determined by the Commission, protecting the Commission, its board members, officers, agents, employees, successors and assigns, individually and collectively, against any claims for property damage that may be asserted because of the doing of the work.

3.4 The Commission shall not insure against any physical loss or damage to any property in the Project and will not carry any insurance of any kind on furniture or furnishings or any fixtures, equipment, improvements or appurtenances for any of the property located on the Project and leased by the Commission to the Board.

SECTION 4.

Tax Levy

4.1 The Board covenants that, pursuant to the provisions of Section 9-107 of the Tort Immunity Act, it shall levy or cause to be levied on its behalf upon all taxable property within its territory a direct tax at a rate which will be sufficient to pay the costs of all losses, damages and liabilities, judgments and settlements incurred by the Commission to third parties pursuant to Sections 1, 2 and 3 of this Intergovernmental Agreement.

4.2 Such tax shall be levied and collected in like manner with the general taxes of the Board and shall be exclusive of and in addition to the amount of tax that the Board is now or may hereafter be authorized to levy for general purposes under any statute which may limit the amount of tax which the Board may levy for general purposes.
